How Scribus saved an opera performance

Scenario:

- Opera houses often use restages to save costs.
- Musical sheet aren't used as printed but need additional annotations.
- Musical sheet of living composers must be rented, not bought.
- Annotated sheet will be stored for re-use at the publisher, not the opera house.
- The publisher destroyed the annotated sheet by accident.
- The opera house only had bad photocopies for archival purposes.

PANIC

Scribus to the rescue
